

Become active and tailor your promotional efforts using our cross-industry special section "focus textile packaging" and benefit from the high circulation within our magazines avr 4/2019 an VR 9/2019.

Topics:

- Fire-resistant, thin, thick, flexible: nonwovens in packaging
- Intelligent textile packaging solutions
- Packaging, finishing, transporting all kinds of goods
- High-performance textile materials, more in demand than ever when it comes to environmentally compatible, resource-conscious and recyclable manufacturing of products
- Fiber-reinforced composites and other textile products that are designed for recycling
- Textile special packaging and bulk containers that are impervious to fluids, cooling and anti-bacterial
- Flexible textile fabric, second skin, and excellent surface protection
- Intelligent material handling solutions, new types of textiles for special packaging cases
- More flexible, more productive: requirements for packaging machinery
